

FACT SHEET FOR INTERNATIONAL STUDENTS

Brief overview of Mines Saint-Étienne

Mines Saint-Étienne is one of the most selective technological universities in France, with its graduate engineering programmes regularly ranked among the top 15 of French engineering courses.

Rankings and Awards

Among the top 600 universities in the world in the prestigious THE (Times Higher Education) 2023 World University Ranking, and 201-240 in the prestigious QS World Rankings by subject. At national level, ranked 10th best School of Engineering. In 2018, we obtained the “Cequint” Certificate for Quality in Internationalisation and in 2019, the Bienvenue en France quality label.

History

Mines Saint-Étienne was founded in 1816 to meet the needs of the French mining industry for elite executive staff. Although still associated with the “Mines” label, a symbol of excellence for over two centuries, École des Mines de Saint-Étienne now offers a broad range of engineering disciplines and research programmes. Its engineering education combines broad theoretical knowledge with hands-on projects, development of management and communication skills through mandatory international exposure and practical training in partner companies. Small-group teaching and close educational supervision are essential features of all science and engineering programmes.

5 academic and research centres

- › Centre for Materials Science and Mechanical Engineering (SMS)
- › Centre for Science of Industrial and Natural Processes, Chemical Engineering (SPIN)
- › Henri Fayol Institute (IHF)
- › Centre for Biomedical and Healthcare Engineering (CIS)
- › Centre for Microelectronics in Provence (CMP)

Programmes OPEN TO INTERNATIONAL STUDENTS

Students with French language skills: our **2 graduate engineering programmes**

Master's Degree in Science and Executive Engineering and **Master's Degree in Microelectronics Engineering and Computer Science** welcome international students from our 130 partners universities. These programmes are mainly taught in French.

Students with English language skills only: 7 masters of science programmes are fully taught in English.

In all our programmes: possible to come as degree-seeking or credit exchange student.

French as a foreign language is offered to all our incomings from the student registration.

Master's Degree in Science and Executive Engineering (Ingénieur Civil des Mines) - ICM

Majors: Production eng. and logistics/Environmental impact of industrial activities/Corporate finance and management/Data science/Computer Science/Biomedical eng./Process eng. and energetics/
Material eng./Mechanical eng./Microelectronics

Address	Mines de Saint-Étienne Saint-Étienne Campus 158 cours Fauriel, CS 62362, F-42023 Saint-Étienne Cedex 2
Academic calendar	<p>Master's Degree in Science and Executive Engineering Year 2 – 60 ECTS</p> <ul style="list-style-type: none"> › 1st semester (Autumn sem.): from September to end of January › 2nd semester (Winter sem.): from February to end of May (internship from June to end of August) <p>Master's Degree in Science and Executive Engineering Year 3 – 60 ECTS</p> <ul style="list-style-type: none"> › Courses: from September to end of March › Internship: from April to mid-September <p>In order to benefit from the widest variety of courses available, exchange students are advised to enrol at the beginning of our academic year in September. This is also when we organize the majority of our welcome events.</p>
Course selection	portail.emse.fr/syllabus/ICM/en
Teaching language	Mainly in French - some courses in English. Language skills requirements: French and English: minimum level B1 CECR prior to the start of studies Intensive French Summer School in Albi in July and August. www.imt-mines-albi.fr/en/become-global-engineer-french-summer-school-2023 Contact : alexis.carriere@mines-albi.fr
Admission to ICM graduate programme Semester or year as exchange student and Degree-seeking students	<p>Application deadlines</p> <ul style="list-style-type: none"> › Autumn and Spring semester > 30th April › 1st November for students wishing to apply to scholarship programme Eiffel.

Master's Degree in Microelectronics Engineering and Computer Science
Ingénieur Spécialité Microélectronique et Informatique - ISMIN

Majors: Micro-electronics design; Security Systems for Mobile Devices; Information Technologies and Supply Chain; Embedded systems; Electronics and energy; Biomedical devices.

Address	Mines de Saint-Étienne Georges Charpak Provence Campus 880, route de Mimet, F-13541 Gardanne Cedex
Academic calendar	<p>Master's Degree in Microelectronics Engineering and Computer Science Year 2 - 60 ECTS</p> <ul style="list-style-type: none"> › Semester 1: from September to February › Semester 2: from March to September <p>Master's Degree in Microelectronics Engineering and Computer Science Year 3 - 60 ECTS</p> <ul style="list-style-type: none"> › Course part: from September to March › End-of study project: from March to September <p>In order to benefit from the widest variety of courses available, exchange students are advised to enrol at the beginning of our academic year in September.</p>
